Kirim : Keyword

Terima : Jawaban Keyword

Konfigurasi SendQuick

Fitur SendQuick

- SendQuick Alert Plus is a plug & play appliance based SMS gateway suitable for all enterprises
- Runs on hardened Linux with high stability (Low TCO)
- Compatible with all security and network infrastructure applications like firewall, IDS/IDP, NMS, UPS, NAS, others
- Unlimited user or application license to send/receive unlimited messages
- Send SMS alert when there is a problem using email, Syslog or SNMP trap messages and convert to SMS
- Support SMS reminder and escalation/report feature
- Network monitor (Ping) with SMS feature
- Buffer timer to avoid repeated SMS messages
- 2-way SMS and support up to 32 GSM modems
- Easy integration (email and HTTP Post) for general SMS

Produk

Keuntungan SendQuick

Benefit TALARIAX SendQuick

- Fast and easy to set-up (within 10 minutes)
- Hassle free and telco independent (any SIM card!)
- Unlimited usage license (support all types of systems and unlimited number of systems)
- Low Total Cost of Ownership (TCO)
- Easy integration (Email – SMTP & SNMP) to all network security devices (firewall, IDS/IDP, anti-virus, router, etc)
- Integrate to all applications easily (email & HTTP Post)
- Fast SMS alert administrator to reduce downtime
- Send to all users (local/overseas numbers and roaming users)
- 2-way SMS with acknowledgement reply

- Appliance based SMS gateway (plug-and-play and no-software installation) leads to **lower total cost of ownership (TCO)**
- **Support multiple messaging format** (email SMTP, SNMP Traps and Syslog*), making sendQuick the most suitable system for IT infrastructure
- **Filtering mechanism** (for SMTP, SNMP and Syslog) and send only the relevant messages (reducing messaging and support cost)
- **Built-in SMTP server** (the only one in the market) for higher messaging reliability (do not depends on other email server)
- Support **Reminder and Escalation SMS** (the first in the market)*
- Support **unlimited user, application, device and messaging license**, making sendQuick the ideal consolidated SMS gateway
- **Scalable** to support up to 32 GSM modems
- **Only available in Alert Plus and Entera*

Solusi dengan SendQuick

- INVESTASI
 - Hardware SMS Gateway SendQuick
